

The Surrey County Athletic Association was formed in November 1990, incorporating the Surrey County AAA (founded in 1920) and the Surrey County Women's AAA (founded in 1932). The first county championship was held in 1934/35.

Belgrave's Women's Section was formed in 1976, but as far as the Surrey County Cross-Country Championships were concerned, five seasons passed before we saw any claret and gold vests on the start line. Then, the following winter, it was a full team, led by the experienced Pam Davies. Pam was at the tail end of her career, having in her time been one of the leading cross-country racers in the country. Her old club Selsonia Ladies AC had witnessed her winning this Championship no less than seven times, but with her old club having folded up, she took delight in leading the way for a new squad just finding its way on the country.

A third place team performance was gained four years later, at Frimley, and then the first of our three team wins was achieved at the same course in 1993/94 with a devastatingly low score of 17 points. Gabby Collison led that team with an individual silver medal. Further occasional forays into medal territory came as we entered the new millennium, but our performances tended to be very patchy; more often than not it proved impossible to turn out a full team to follow a high placing team leader. Two more team wins came in the next ten years but if anything, the completion of a

team became even rarer until, in latter years, sheer weight of numbers has meant that we have always been in the hunt for medals – although another team win has not been witnessed in nearly 20 years.

Gabby, Birhan Dagne and Sarah Murphy all launched individual attacks on the front of the field, but it wasn't until 2026, after two years of steady improvement, that Emily Bradley became Belgrave's first Surrey Champion; she scored a good win over Aldershot's outstanding five times winner Georgie Bruinvels.

Teams were made up of the first three runners from each club until 1994/95, thereafter it was four. The method of calculating team scores has varied; sometimes all runners from the result who were in incomplete teams were first removed; sometimes, additionally, runners who were outside their club's scorers were also removed. Nowadays – we believe from 2006/07 – the actual finishing positions have been used, meaning that a club with many non-scoring runners can push back rival teams.

The race distance has varied. From 1998 it has been 8 km. Nominally, before that, it was 4 miles, although earlier than 1983 it was a little less still

Top Belgrave runners in the Surrey Cross-Country Championships

Ranked on individual medal and place tally. Positions in the top ten are shown with the performance date, followed by team medals, if any. Where a runner's best position is outside the top ten, the best position only is shown with the performance date. Where a runner has additional runs outside the top 25 this is indicated by '+'. Occasionally, to avoid a tied position in the list, a place outside the top 25 is shown.

Emily Bradley	• 1st (2025/26), 7th (2024/25), 22nd. Team: three scoring runs, twice as the leading team member.
